

*Perfection in Precision*

# CROMA

## PRINTING INKS

This compact dispensing system requires little space and is ideal for small scale production.

- The system enables accurate and instant color reproduction
- The system is fully automatic and user-friendly and delivers precise quantities, thus significantly reducing waste
- The system is operated via a computer using Maestro® software
- Layout is in line, with drums on both sides

# CROMA

## PRINTING INKS

### ADVANTAGES

- Stock reduction and rationalization
- Improved color reproducibility
- Improved productivity
- Space and manpower savings
- Improved security and working conditions
- Production return management
- Environmental protection
- Machine downtime reduction

### TECHNICAL DATA

Number of Components

up to 18

Dispensing Accuracy

1gr

Dispensing Time

3-4 min for a 25kg pail

Automation

Fully automatic Maestro® software

Containers

25kg pails

Layout

Line layout with drums/tanks on both sides

Cleaning

Wet cleaning system
