

Perfection in Precision

HA650

INDUSTRIAL COATINGS

This system is ideal for UV flexo inks.

- Dispensing is rapid
- The system is fully automatic and easy to use, and allows the operator to produce the required quantity of ink in a few simple steps with complete accuracy
- Formulas can be precisely reproduced
- The system is operated via a computer using Maestro® software
- A choice of 12 to 36 inks tanks offers a range of capacities (3,6,10 and 20 ltr)
- The can lifter is electric
- There is a unique central dispensing point
- The dimensions are very small

Perfection in Precision

HA650

INDUSTRIAL COATINGS

ADVANTAGES

- Stock reduction and rationalization
- Instant color reproducibility
- Improved productivity
- Space and manpower savings
- Environmental protection
- Improved security and working conditions
- Production return management

TECHNICAL DATA

Number of Components

Up to 36

Dispensing Accuracy

0.1gr

Average Dispensing Time

2 min for a 5ltr pail

Dimensions (WxHxD)

1150x1830x1270mm

Containers

Metallic, plastic or bottles
